The screenshot shows the ORDER app's user interface. On the left, a sidebar displays the 'Checkout' screen with tabs for 'Payment' (selected) and 'Confirmation'. It includes fields for 'Card Number' and 'Security Code' with placeholder text 'Card Number' and 'Security Code'. Below these are buttons for 'Credit Card' (with a VISA logo) and 'Google Pay', both with checked checkboxes. Further down are buttons for 'Apple Pay' and 'Paypal', both with unchecked checkboxes. On the right, the main screen shows a menu with categories: 'Starters', 'Main' (selected), 'Dessert', and 'Drinks'. Under the 'Main' category, there are three items: 'Salad with Avocado' (Tomatoes, Carrots, Cucumber, Avocado, Goat Cheese...), 'Salad with Mozzarella' (Tomatoes, Carrots, Cucumber, Mozzarella, Oregano, Basil), and 'Penne with Tomatoesauce' (Tomato, Basil, Parmigiano, Olives). Each item has a price of 12,50 USD, 10,50 USD, and 15,70 USD respectively. To the right of each item is a green '+' button. At the bottom right of the main screen is a shopping cart icon with a plus sign. At the very bottom is a large green button labeled 'CONFIRM PAYMENT'.
